VAT EXEMPTION

0% VAT INSTEAD OF 22% FOR INTERNATIONAL PRODUCTIONS AND CO-PRODUCTIONS

Uruguay Audiovisual

0%

VAT

In 2005 the government of Uruguay introduced a tax relief benefit reducing to zero the 22% VAT (IVA) usually charged on good and services, pursuant to the dispositions of Decree 220/998.

Within the framework of this plan, VAT payments on production expenses are exempted.

VAT exemptions is available for all types of content including - but not limited to - feature films, commercials, short films, music video, animations, documentaries, TV productions and series for all types of media distribution services such as TV, OTT, theatrical releases, etc.

RETURN IN CASH OF 30% OF THE ELIGIBLE PRODUCTION EXPENSES INCURRED BY INTERNATIONAL PRODUCTIONS SHOOTING IN URUGUAY

Committed to strengthening its audiovisual industry and attracting international productions, Uruguay continues to expand its incentive programs. Building on the success of its Cash Rebate Program, introduced in 2018, Uruguay has launched a new 30% Tax Credit, offering international productions a competitive incentive with no cap per project.

To be ellgible applicants must pass the qualification process and meet the minimum spending thresholds.

LA **PRODUCTORA**

The program is managed by ACAU and offers a reimbursement for those eligible productions expenditures incurred in Uruguay. Reimbursements are available for all types of content including - but not limited to - feature films, commercials, short films, music videos, animations, documentaries, TV productions and series for all types of media distribution services such as TV, OTT, theatrical releases, etc.

ACAU Agencia del Cine y el Audiovisual del Uruguay

International producers are required to work with a local production company as a service provider.

Expenditures associated with pre-production, production and post-production activities carried out in Uruguay may be eligible for reimbursement as long as such production services are provided by individuals residing in Uruguay or companies established in the country. The Tax Credit Certificate will be issued following the completion of the production or eligible stage, submission and approval of the final audited expenditure report, verification of compliance by the relevant authorities, and completion of the applicable tax procedures.
